Thanks in advance for your support of this event! We are looking forward to seeing all of you out on the weekend and hope that you can take advantage of the registered shoot on Sunday. The ProMatic factory rep (Heyward Cunningham) will be setting the machines and remain on site during the three day event. I am sure that you will see a variety of presentations and the challenge will be rewarding.

NEW & EXCITING CHALLENGE

In addition to all of the other sporting clay challenges Promatic will have on site and set up for demonstration a new machine (**HUNTSMAN XP**) that will and can challenge the best of shooters. It is the ultimate machine for simulated GAME SHOOTING – two linked horizontally front traps and a separately oscillating rear trap. Heyward will be on hand to demonstrate its capabilities. It is very mobile and might even fit to your trailer hitch to go home with as your own ultimate practice machine. VIEW THIS MACHINE BY GOING TO [YOUTUBE VIDEO PROMATIC HUNTSMAN XP.](#)

Chad Turner is the owner and manager of the “Red T Farms” range and would like to have your comments about the course and improvements that he could do to make your visit to the range more rewarding.
