

Bright Light Foundation

Chris Richardson

An update from Rae Wilson

September 3, 2009

Chris on his "training" legs!!! It was an incredible moment to see him standing after 2 years!!! Thank you, thank you, thank you BLF for offering Chris the opportunity to walk again without the stress

of wondering how he would pay for the computerized legs. What a true blessing you all are, and continue to be. It was wonderful getting to meet some of you last night at the meeting and being with some of you via teleconference. May God be with each of you.

:)

Rae
