Nancy Steele - Dinner
Gretchen Byerts - Director

Bright Light Foundation Mission: Inspired by the faith and courage of Tammy Bright and her family, the mission of the Bright Light Foundation is to raise funds, in the spirit of compassion and fun, to assist with the medical needs of those within the oilfield community stricken by catastrophic illness.

Bright Light Foundation is a 501(c) (3) corporation, Tax ID #05-0581787

On behalf of the Board of Directors of the Bright Light Foundation, I want to thank all of you who participated in making the 2004 event so successful. Last year our Foundation's event benefited two children, Trevor McNamara and Rachel Regitz, and through your efforts we raised \$80,000 for their medical and educational needs!

The 2004 event was truly amazing and will be remembered by all who participated and worked so hard volunteering their time and energy to serve others. For those of you who participated in the first year's event, you noticed a change in the event format and venue for the dinner/auction. We had a tremendous turnout for dinner/auction, in excess of 330 people. The participation in the silent auction and live auction was fabulous, raising a large portion of our funds. As before, we played the Tradition Course at the Cypresswood golf course and received a blessing by having the rain dissipate as the tournament began. We fully filled the course and had a great meal provided by Kerr McGee and Danos & Curole.

By the time you receive this mailing, we will have had dinners with both the McNamara's and Regitz's to award our grants to Trevor and Rachel. I hope all of you that participated had a chance to meet the children and their families. On behalf of Rachel and Trevor, their parents and families offer their deepest thanks for everyone's participation and caring.

As an update, Tammy Bright, our first recipient who suffered renal failure and blindness as a result of the combination of a virus and diabetes complications, underwent successful Kidney transplant surgery last year and is attending a nine month program at the Texas School for the Blind in Austin, Texas.

The Bright Light Foundation was established in 2003 to help members of the oil field family stricken by catastrophic health problems. We hope you are inspired by the courage of Tammy

Bright, our recipients Rachel and Trevor, the success our efforts on October 1, 2004 and will join us in the fall of 2005 for another event to help someone else in need. During the first half of 2005 we will be accepting applications and selecting a recipient(s). If you know of someone that should be considered, please contact one of our board members or submit an application to the Bright Light Foundation's address above. **Talk up the 2005 event, tell people you meet and work with, as those who participate are our greatest advertisement.**

Please note our new address above. We are planning our 2005 event and will be sending an update on this year's event with information on our 2005 recipients in the near future. Our website, www.bright-light-foundation.com is undergoing updates and revisions, so please reference it for announcements. We're looking forward to your participations in the 2005 event.

Thank you again for your generosity!

Sincerely,

Josh Billings
President
